

UNIVERSITY OF KANSAS SCHOOL OF LAW
Elder Law Externship (Clinic)

Application for Fall 2010 - Spring 2011

Please read this carefully before applying for the Externship. By submitting an application for the Externship, you are indicating your understanding of the requirements set out below and your commitment to conform to them. Applications must be submitted to Marilyn Harp's mailbox (in the Main Office) **by 5:00 p.m., Friday March 12, 2010**. In addition, you are encouraged to email the application to harpm@klsinc.org or mmharp@ku.edu. Selections will be made from those submitting applications. Other's may be admitted on a space available basis after this deadline. You may apply even if you have also applied to another clinic.

The University of Kansas Elder Law Externship provides free civil legal services to Kansas residents age 60 and over, regardless of income. Because clients are not restricted by income, and because of the wide variety of case types the Externship accepts, it approximates the general practice of law. Representative case types include planning for incompetence, surrogate decision-making, guardian/conservatorship, simple estate planning and probate, landlord/tenant, consumer protection, collection defense and Chapter 7 bankruptcy, Medicare, Social Security, Medicaid, Supplemental Security Income, elder abuse, and long-term care issues. Because of the nature of the work and level of supervision, this clinic is open to 2L, as well as 3L students.

You must enroll in the Elder Law Externship (LAW 901) in both the fall and spring semesters, consecutively. You may not drop the course without my express permission and the permission of your supervising attorney. The Elder Law Externship is a 3-hour course each semester.

Class does not meet every week. In addition to class lectures, several class sessions are spent discussing issues encountered with cases handled in your placement. You will be working out of the Topeka or Kansas City, KS offices of Kansas Legal Services, Inc. (It is possible to arrange an internship at KLS offices in Emporia, Manhattan or Wichita, if a student is interested in those placements.) You will be expected to arrange for your own transportation to your placement office. We intend to honor requests for assignment to a particular office as much as possible, but reserve the right to make assignments consistent with our need to manage the Externship effectively. You must keep regular office hours in your assigned office, an average of 8 hours per week, although the amount of time you spend will, of course, be dictated by your caseload. Regardless of how many hours you work in the Externship, you are responsible for meeting deadlines in the cases to which you are assigned. At each of these sites, you will be directly supervised by an attorney working with similar clients.

If you have any questions or special problems relevant to application for or enrollment in the Elder Law Externship, please don't hesitate to contact me at:
